

Virtual Professional Development Days - May 2022

Schedule

Throughout the month of May, PMI New Brunswick Chapter presents Professional Development Days 2022, a series of virtual sessions covering a variety of topics addressing this theme. You are invited to take part in this exciting event, gather useful insights from our speakers, network with fellow project managers and other professionals, share best practices, and stay up to date with the latest developments in the world of Project Management.

Theme: Sprinting Forward - Staying Ahead of Changes to the Project Management Profession

The need for sound Project Management has been growing steadily across the globe over the last several decades. Regardless of domain, industry, or technology, leveraging the power of Project Management has proved essential to convert any vision, goal, or strategy to reality, to be productive and competitive. Project Management as a skill and profession is constantly evolving in response to the dynamic needs of changing times and circumstances.
